Tangerang, Banten, Indonesia | charlescornelio0813@gmail.com | (+62) 821-8792-1760

Portfolio: <https://charlesdev.vercel.app> | GitHub: <https://github.com/chrlesdev>

LinkedIn: <https://www.linkedin.com/in/muhamad-charles-cornelio-a53a75339/>

Junior fullstack developer with experience in Next.js, Node.js, and MySQL. Skilled at building scalable applications from backend to frontend. Strong team collaborator with a portfolio of deployed projects.

PROJECTS

Oasis – Property Rental Platform (Airbnb Clone)

Team project (3 members) | Sep 2024 – Oct 2024

- Developed Tenant Dashboard with CRUD for properties and rooms
- Integrated Mapbox for geolocation display of properties
- Built tenant landing page and peak season price management
- Live Demo: oasis-resort.xyz

NestChat – Real-Time Chat App

Solo project | 2025

- Implemented real-time messaging with WebSockets and typing indicators
- Integrated Google OAuth using NextAuth for secure login
- Styled with Tailwind CSS and deployed to Vercel
- Live Demo: <http://nestchat-omega.vercel.app/>

Portfolio Website

Solo project | 2025

- Built a personal portfolio in Next.js to showcase real-world projects
- Features project write-ups, visual previews, and contact form
- Fully responsive, deployed on Vercel
- Live Demo: <https://charlesdev.vercel.app/>
